Teri's Tidbits ~ Hello!! I am having a grand time taking over Carole's duties for the newsletter. She is in Arizona till spring. SO, why do they call people who go to the warmer climates "Snowbirds"?? There's no snow! They're vacationing. 60-80 degrees with SUN, camping out, picnics, shorts, bike rides without gloves!

Well we have a shortage of power here in the Northwest and are reminded daily about it by the newspapers. Bob and I are looking seriously into alternative energy, that being solar. The Internet has so much information on this subject, so Bob has been busy reading and studying all the different companies and how the solar panels are built. They even make panels that collect the maximum amount of suns rays on a cloudy day, and believe me we have a lot of those, well normally we do. This winter it has been cold but unusually sunny too. Of course that is the problem, lack of rain and snow pack.

So, be patient with this issue of the newsletter, I have never done the "letters" section and I do not have Carole's extensive files to look up anything. So my comments are far and few between. But I put all them in here that I could and hope that some of you will be able to help with some of the questions our letter writers have. Everyone has come to that point in research where you can't prove or get beyond a certain ancestor. It is so frustrating and creates a stop point for that branch.

Carole left copy for the newsletter and you will find it on page 10, Computer Helpful. There are many web sites to check out, CD's to be added to your collection and books to be bought. There is so much information out there now compared to a decade ago. The computer has opened new avenues to us all, not to mention how nice it is to write on one's own computer. The genealogy programs are wonderful and deciding on which one to use when you are getting started is a major research project in it's own. I recently, with the advice from my daughter, added/upgraded my Microsoft Word to the 2000 version. Well, I love it. Also added the new and updated 2001 Norton SystemWorks for my own protection. Lucky my daughter decided on a career in the computer field! She has been very helpful to Carole and I since her move home from Ohio.

Thank you all for your nice letters and notes. I love collecting the mail. (Also I love getting all the stamps, as I am a stamp collector too). Hope you enjoy this issue and Carole will be back (I hope!!) for the next one ~~~~Teri

2001 Newsletter Donation Dues: \$14.00. Make all checks payable to Carole Bonnell – PO Box 4282 – Spanaway, WA 98387. Next issue will be out May 2001. If you have not paid for 2001 this will be your last issue with our compliments. We do hope you will continue to subscribe and share your research with all of us. Thank You.

PERSONAL PROFILE a book about our own families –

Yes, you can submit more than a 500 word family profile!! You may also submit a story for each family group – Your family, your parents, grandparents, and your married children's families on each side, ECT. We have had very little response to this. Please don't be shy or think that you "are not a writer". You know how excited you get when you find a personal story of one of your ancestor's! So

will our great grandchildren. So get to work, any length will do for a story, long, short or in between. At least there will be something in print and in some library for future researchers like ourselves.

Please remember to put your **Name, Address and Date on everything** you send into the newsletter. AND please put the name of the **Newspaper, City, State, Date and Page on all newspaper articles and obituaries.**

LETTERS ~ Email to the editor

To the editors of the Bunnell/Bonnell Newsletter,

I was recently introduced to your newsletter by my friend, Clifton Cilley. I would like to subscribe. You will find my check with this letter.

I am from a family of **Burnells** that have been in West Baldwin, Maine for 6 generations. I'm sending you my history, as it has been recorded by my Mother and Grandmother.

Thank you for yet another great year of publication. Enclosed is my check.

I still have some unresolved questions about my Bonnell lineage and had hoped to resolve them myself; however, because I no longer live 10 minutes from the Allen Co. Public Library, it's not happening!

Would you please suggest to whom I should go for help? Bill Austin and I communicated quite a great deal about 10 years ago, and I had assumed my info was okay. When I examined dates more carefully, however, I found some things that don't jibe, as well as marriages that don't.

Here's the set-up, and perhaps it will clue you in as to what person might be best for me to contact:

I have been told that **Aaron Bonnell** was father of Moses; I have found that Aaron who migrated from NJ to PA c 1792 did have a son named Moses. However, this one did not marry Mary Stephens,

although the two Mosi have birthdays that are close. Also, I know (fairly certain) that my Moses did not go to PA with the supposed father Aaron (he was married in NJ in 1796!) but to Cincinnati, OH, by 1811, and then on to Switzerland County, IN.

I know that the obituary for my Moses appears in a Hamilton Co., OH newspaper in 1842, but have been unable to locate it on film to examine. If I have to, I'll go to Cincy and go to the newspaper archives there. I would anticipate his parents' names would be given in the write-up. In the meantime, I'd like the answer without that expense and wear and tear! Any suggestions appreciated!!

Cordially, Jean Bevis

Hello Carole, I got your name and e-addy from **Chuck Bunnell** on the **Bunnell RootsWeb list...**

I didn't realize how closely the Bonnell and Bunnell lines were a years or so ago when I first heard of the letter. Didn't know about the Bonnell list until I volunteered to be list administrator for the Bunnell list and was coaxed into checking the Bonnell list...what a surprise!!!

I am currently "list administrator" for both the Bonnell and Bunnell RootsWeb mail lists.

Having found there is a Bonnell/Bunnell connection and family newsletter I would like to subscribe. Please let me know what is the current cost of subscription??

I do have some "verified" (census, ect.) information & also an article from a Crawford Co. PA book on at least one **Samuel Bunnell** family. I have 2 postings about them on the Bunnell list. There doesn't seem to be any of this family line "online", maybe it would connect with a "snail-mail" family & could be included in your newsletter??

Sincerely, Kay (Aldrich) Cutshall

### **Email from Elliott B. McConnell, 1/23/01**

Hi Carole, I just received your latest newsletter and have forwarded my annual dues. Many thanks for taking on the publishing task. Also thanks for my "direct line".

I am concerned that we can't seem to establish a connection between the Erie Pennsylvania Bonnell's and the east coast folks that preceded them. Any ideas on that would be appreciated.

Another problem is identifying **James F. Bonnell**. I have a memorial plaque to James F. "who was drowned from the U.S. Revenue Cutter Eris November 24, 1847". I failed in tracking down James through the National Archives and his family history is vague. (I can send you a copy of the Plaque if

(This is a Seneca County, Ohio genealogy newsletter, and the article was submitted by one of their members, Jean Seigley, also one of our subscribers! This is a full page in the newsletter and Jean noted that the small boy mentioned in the article was Louis B. Startzman, who was then 8 or 9 years old.)

**ALFRED S. BONNELL INSTANTLY KILLED**

**Alfred S. Bonnell**, the well-known retired farmer, was accidentally killed Tuesday afternoon when the derrick used to hoist the wrecked bridge iron from the river collapsed at the site of the former Washington Street Bridge.

The deplorable accident occurred at 5:45, just before quitting time and when an unusually heavy piece of iron was being lifted from the river. Quite a number of bystanders were standing about, some including **Mr. Bonnell**, being at the extreme end of the pavement and within a wire fence that had been erected to keep back the spectators. One of the guy cables attached to the derrick snapped and the structure was seen to be giving away. There was a general scattering of those about but **Mr. Bonnell**, possibly for the reason that he did not think the derrick was giving away in his direction or because he was standing on the abutment and flight was difficult, apparently made no effort to retreat. Suddenly the heavy timbers came down with a crash and one of them struck him squarely on the head crushing his skull and causing instant death. A small boy named Startzman residing on Sandusky St. standing immediately at his side, escaped injury and disappeared in the crowd. He later returned and recovered his cap, which had been knocked from his head. One of the workmen who was also standing on the abutment escaped injury by leaping into the river.

The dead man was removed to an undertaking establishment and later to his home at No. 115 West Davis Street and the funeral will be held Friday. There will be services at the house at 12:30 conducted by Rev. Ayres of Greenspring, after which the body will be taken to Egbert's church, five miles northwest of the city where services will also be held and the interment will be made in the adjacent cemetery.

The deceased had been, until his removal to this city two years ago, living in Pleasant Township where he engaged in farming and where he owned a fine farm one-half mile west of Egbert's church. He was born in 1847 and in 1869 was married to **Emma Norris** who survives. He leaves one son, **Charles**, who resides on the home farm and two daughters, **Mrs. Nellie Smith** and **Miss Mabel** residing at home. The former is a helpless invalid and her father was her almost constant attendant. His mission up town the afternoon of the accident was to procure supplies for her at the office of a physician. The deceased also leaves two brothers, **John**, residing at Watson and **Jacob**, residing at Wauseon. A sister, **Miss Anna**, resides at Clyde. ~Seneca Advertiser 1 May 1913

**Tiffin Daily Tribune, April 30, 1913**

**Alfred S. Bonnell** aged 66 years, a retired farmer living at No. 115 Davis Street, was instantly killed when a derrick used in hoisting bridge iron from the river bed fell and struck him on top of the head crushing his skull. The accident occurred on the south side of the river on Washington Street late Tuesday afternoon.

A Large crowd had gathered at that point to watch the work of removing the bridge iron from the river, when a guy wire attached to the derrick gave way and the derrick fell to the street. A rush was made by the crowd to get out of the way of the falling derrick, but **Mr. Bonnell** seemingly did not realize his danger in time and the heavy timber struck him causing instant death. William Negele who was standing near the unfortunate man was struck a glancing blow on the shoulder by the derrick. Mr. Negele was able to walk to his home but today is confined to his bed. William Doran, a teamster, jumped into the river to avoid being struck by the falling derrick and escaped injury.

Alfred S. Bonnell was born in Pleasant Township January 13, 1847 and was the son of **Mr. And Mrs. William Bonnell**. In 1869 he was united in marriage to **Miss Ema Norris**. Beside his wife he is survived by one son, **Charles A.** of Pleasant Township and two daughters, **Mrs. Nellie A. Smith** and **Miss Mabel**, both of this city.
